The ECU Human Research Ethics Committee (HREC) has reviewed your application and has granted ethics approval for your research project. In granting approval, the HREC has determined that the research project meets the requirements of the *National Statement on Ethical Conduct in Human Research*.

The approval period is from 10 September 2013 to 31 December 2014.

We will also notify the Faculty.

The *National Statement* indicates that the HREC is required to retain on file a copy of each approved research project. Please forward one signed paper or electronic copy of your finalised application, including all attachments, to the ethics office (if this has not already been done).

All research projects are approved subject to general conditions of approval. Please see the attached document for details of these conditions, which include monitoring requirements, changes to the project and extension of ethics approval.

Please feel free to contact me if you require any further information.

Regards  
Sue
