**Dr. Shahid Adeel**

Consultant, Anesthesia Department  
King Hamad University Hospital  
Kingdom of Bahrain

Dear Dr. Shahid,

**Re: Randomized Comparative Study of CMAC D-blade versus Glidescope in Simulated Difficult Intubations, Using Manual Inline Cervical Stabilization on Patients with no Difficult Airway Predictors.**

We are pleased to inform you that your research proposal has been accepted by the Research and Ethics Committee King Hamad University Hospital.

We would appreciate if you can inform the committee members on the date that you wish to start your project and kindly send us a preliminary report on your target sample and data.

Yours Sincerely

**Dr. Jaffar M Albareeq**

Director of Research and Ethics  
King Hamad University Hospital  
Kingdom of Bahrain
